## A Message from Attorney General Ben Chandler

The Child Support Enforcement Commission brings a variety of members to its table for their valuable suggestions in developing innovative strategies and creating a more effective and efficient child support program. In order to make recommendations, we must first educate ourselves through research, review and analysis, and, I must say, I have been given a wonderful opportunity to learn first hand about our child support program.

We have made great strides with the Most Wanted Program, eight of the ten have been “found” in the 2001 campaign. The new 2002 poster has been increased to display fourteen nominees. These are the most evasive parents who willfully do not support their children. This widely publicized campaign sends a message to other evaders to pay their support or suffer the consequences.

The Investigator Pilot Project continues to be a great asset by assisting more than 189 children per month through service, location, and asset investigations. Dollars that would otherwise go uncollected are priceless to those who reap the benefits, especially in households with limited incomes.

What better opportunity and greater responsibility to serve the public than through the Office of the Attorney General, Child Support Enforcement Commission. To strengthen the support between mothers, fathers and their children can only benefit the family structure, especially during these changing economic times. It is my pleasure to present to you the 2001 report on our activities.

Attorney General

A. B. Chandler III

## **A Message from Viola Miller, Secretary of the Cabinet for Families and Children**

Last year was a very challenging year. Much of the year was spent reviewing our business practices to ensure that the Child Support Program maximizes every dollar spent during the difficult budget constraints facing the program. With the assistance of our Local Offices, Contracting County Attorneys, Friends of the Court, and Special Prosecutors, we have made significant progress in improving program efficiency and effectiveness. Although we still have a long way to go, we are committed to effectuating necessary changes to improve efficiency yet strive for high performance.

We are very proud of our accomplishments. Collections continue to increase to nearly \$300 million (\$295,349,196). Establishing paternity is the cornerstone to collecting child support and achieving family self-sufficiency. Our paternity establishment ratio statewide increased from 70 percent to 78 percent. The Child Support staff has worked very closely with Protection and Permanency and Family Support staff to ensure that child support plays a major role in providing services to families comprehensively. The Child Support Program is also attempting to utilize every means possible to achieve program goals. Last year, major legislation was enacted that will permit the Child Support Program and the Revenue Cabinet to partner together to collect child support. Soon, the Revenue Cabinet will be utilizing the tax collection system to collect child support. We have already had tremendous success in the early stages of this project. We also continue a long-standing close partnership with the Attorney General's office. Implementation of a listing of delinquent child support payers on the Attorney General's Web page has resulted in many non-custodial parents contacting us to begin making the necessary arrangements to pay their child support.

We will continue to explore new and innovative ways in which to collect child support. We should never forget that children are the future of this Commonwealth. Child Support is an investment in our children.

Sincerely,

A handwritten signature in cursive script that reads "Viola Miller".

Viola P. Miller

## Our Mission

The Child Support Enforcement Commission was established by statute in 1988 by the Kentucky General Assembly. Located in the Office of the Attorney General, the Commission acts in an advisory capacity on child support issues to the Governor, the General Assembly, the Cabinet for Families and Children, the Department of Law and the Administrative Office of the Courts. By holding quarterly open meetings, the Commission also provides a regular forum for those involved in the child support system to discuss aspects of the administrative or judicial system and to offer recommendations for improvements to the program.

# ACCOMPLISHMENTS

## Outreach and Response

During 2001, the Commission received approximately 1,900 requests from citizens seeking information or assistance. Of these inquiries, over 750 required action by the Commission staff to resolve the complaint. The Commission was established in part as a forum to resolve grievances or complaints about the Child Support Program.

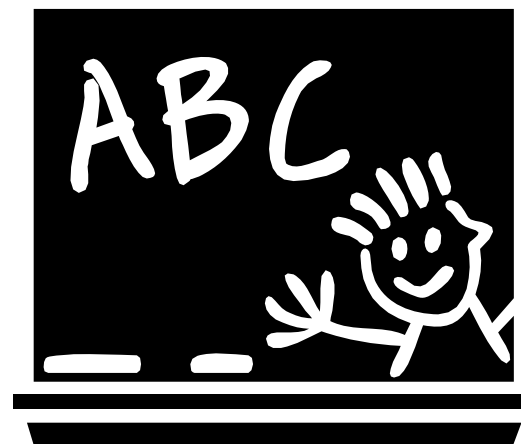

The Commission has continued its efforts to inform parents about the child support enforcement program by distributing informational pamphlets and utilizing Internet education. The Commission staff has provided information on child support issues to Judges and County Attorneys, and continues to encourage judicial involvement in policy issues relating to child support enforcement. In addition, the Commission has arranged for child support cases which could not be managed by county contracting officials, because of an apparent conflict, to be assigned to an Assistant Attorney General. At this time, approximately 800 such conflict cases are being practiced by the Office of the Attorney General.

## TRAINING FOR EVERYONE

During the past year, the Commission sponsored two training seminars for child support attorneys and other child support professionals. The seminars, presented by the National Child Support Enforcement Association, covered Determination of Continuing Jurisdiction, Modification & Review and Confidentiality and Security Issues. Both seminars qualified for continuing legal education credit.

The Commonwealth of Kentucky does not discriminate on the basis of race, religion, sex, disability, color, age, creed, or national origin.  
This poster will be provided free of charge to law enforcement agencies upon request.

## Most Wanted Campaign

In recent years, the Commission has initiated and implemented a Most Wanted Poster Project to publicize the most egregious violators of child support orders. The poster is now updated on a yearly basis with the help of county attorneys throughout the state. The Commission distributes the poster statewide and via the Internet.

Through the efforts of the Commission's investigators and county contracting officials, eight of the ten most wanted delinquent obligors listed on last year's poster have been located and compelled to appear in court. In addition, Senate Bill 218, enacted by the 2000 General Assembly, now requires the Commission to continue the Most Wanted Poster Program as a statutory mandate. The "FOUND" obligors have been replaced on the new 2002 poster.

## Most Wanted Campaign

Strengthening our efforts to apprehend parents who owe child support and sending the strongest possible message that neglecting one's child support responsibilities will be seriously punished were enhanced by the updated and improved distribution of our "Most Wanted" poster.

### WANTED ON THE WEB

<http://www.law.state.kv.us/childsupport/wanted.htm>

*The Commission's Web site, listing the criteria for nominating evaders and information on current nominees, has been a great success. As you can see, EIGHT of the TEN "Most Wanted" has been FOUND!*

## **A Very Successful Investigator Pilot Project**

Implemented in 1998, the Commission, in cooperation with the Cabinet for Families and Children, hired two investigators. Due to the project's success, in 1999 the Commission hired two additional full time investigators, making a total of four covering most of Kentucky. The investigators work with local law enforcement to facilitate service of process for cases that have been unresolved through standard procedures. The Investigators also work with local contracting officials, the Division of Child Support, the State Parent Locator Section and the Commission to improve and expedite child support processes. In addition, the Investigators conduct asset investigations through surveillance and other techniques available by law.

An estimated 189 children per month are assisted by the Investigator Program.

# LEGISLATION

The Commission supported child support legislation during the 2001 General Assembly, in particular Senate Bill 123 (BR 51). This bill amends KRS 403.213 to add parent representatives and a child advocate to the Kentucky Child Support Guidelines Review Commission. The Commission is established by Kentucky Revised Statutes (KRS) 403.213(4) & (5) for the basic purpose of reviewing the child support guidelines table set forth in KRS 403.212, and making recommendations at least once every four years to the Kentucky General Assembly "...to ensure that the child support guidelines table results in a determination of appropriate child support amounts."

The guidelines table shall be reviewed by a commission consisting of:

- The secretary of the Cabinet for Families and Children or a supervisory staff person designated by him;
- Two members of the KY Bar Association who have at least six consecutive years' experience and are presently practicing domestic relations cases, one member from a metropolitan or large urban area and one member from a less populated area;
- Two Circuit Judges appointed by the Chief Justice of the Kentucky Supreme Court, one from a metropolitan or large urban area, and one from a less populated area;
- One District Judge appointed by the Chief Justice of the Kentucky Supreme Court;
- Two County Attorneys appointed by the president of the County Attorneys Association, one from a metropolitan or large urban area and one from a less populated area;
- The Attorney General or his designee, who shall be an attorney from his office.

State Representative, Tom Burch, was very instrumental in the passage of Senate Bill 123 (BR 51) in 2001.

HB 123 Amends KRS 403.213 to add the following members:

- *One person who is a custodial parent;*
- *One person who is a noncustodial parent;*
- *One person who is a parent with split custody; and*
- *One child advocate.*

*These members shall be appointed by the Governor from a list of three names for each category submitted by the Cabinet for Families and Children. If the status of one of these members changes, the member shall be replaced through appointment by the Governor from a list of three names submitted by the cabinet.*

\*General Assembly Summary prepared in cooperation with the Child Support Division, Cabinet for Families and Children & the KY Child Support Guidelines Commission.

## Goals and Objectives for FY 2001 – 2002

The Commission has a statutory duty to make recommendations for improvement to the child support program and to play an active role in education and evaluating problem situations. Our goal for the year 2002 is to actively participate in Kentucky child support enforcement through the following:

- ◆ Foster public information/education through public forums, distribution of informational brochures and press releases.
- ◆ Increase nominations, circulation and use of the “Most Wanted” poster.
- ◆ Provide personal assistance and appropriate agency referral to contacts who call or email with grievances and complaints.
- ◆ Encourage or facilitate improved cooperation between all state agencies.
- ◆ Prepare and distribute annual report.
- ◆ Provide extensive research and studies concerning the existing child support program and promote positive changes.

◆ Improve Investigator Pilot Project by:

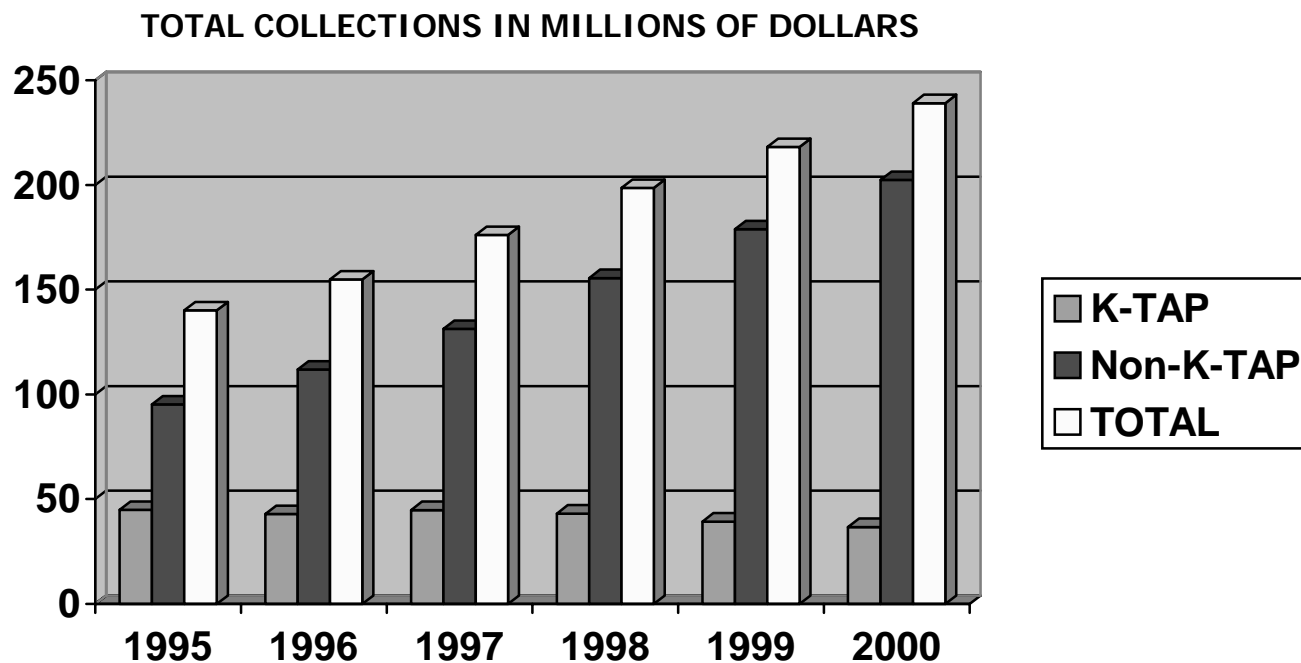

- Visiting contracting officials throughout Kentucky to access program needs and successes.
- Increase obligor compliance by locating fleeing felons.
- Evaluate investigator activity through monthly reports and make recommendations for improvement.
- Encourage service assistance by working with local law enforcement to expedite service of process.
- Improve asset investigations.
- Encourage the use of new enforcement tools available through legislative changes.

## Kentucky Child Support Collections

Child Support collections continued to increase last year. The efforts of the Division of Child Support and the contracting officials led to an incredible \$20 million increase from the previous year.

<i>Federal Fiscal Year</i>	1995	1996	1997	1998*	1999*	2000*
